French language bachelor

Brief

French language

We aim by teaching the French language at our university to help students being able to communicate in French in academic as well as in professional ones.

We also enhance them to use the French language as a means of research and learning in their scientific research.

Hence our students will be able to resolve all the different and difficult situations linked to research problems and difficulties, and to be familiar with different situations of communication and research.

This training allows us as well to prepare future teachers in French language field.
