

## Master in the French Language

### Speciality *Didactics in Foreign Languages*

#### Brief Description:

This master's degree is intended for students with an LMD or classic license. This master's project in foreign languages, option: didactics of French as a foreign language, provides professional training for people who want to teach French to non-French-speaking children, adolescents, or adults.

The overall purpose of this program is to give prospective master's degree holders the appropriate teaching materials. It is both a theoretical and practical education that allows students to master various teaching/learning circumstances (beginning training, primary education, adult education) via pluralistic training in didactics and a critical examination of knowledge and techniques.
